

# Comenius-Questionnaire

Social skills are conditions for a good climate at school and for better learning.

This issue is the headline of a Europe-project, in which, beside the Schlossbergschule, schools in Italy, Portugal, Austria, Czech Republik, Poland and Lithuania are participating.

The intention of the project is to improve the social skills of our students to offer them better chances in their academical and job-related Development.

The basis for the common work within the next two school years should be the following questionnaire. So please handle it as properly and completely as possible.

## What are social competences?

### In contact with yourself:

- feeling of self-worth
- selfconfidence
- appreciation
- self-monitoring
- individual responsibility

### relating to teamwork:

- capacity for teamwork
- cooperation
- motivation
- ability to handle conflicts
- ability to communicate

### In contact with others:

- regard
- acceptance
- compassion, empathy
- respect the rules
- knowledge of human nature
- ability to work together
- notice
- self-discipline
- tolerance
- respect
- communication skills
- inter-cultural competence

### leadership skills:

- responsibility
- effort
- flexibility
- generosity
- consequence
- to lead by example

### in general:

- positive attitude
- commitment

## Teachers

1. Do you notice deficits of social skills with your students? yes / no  
2. If yes, how do they express? (three answers maximum)

---

---

---

3. What could be the reasons for the deficits?

---

---

4. Does our school try to adjust deficits of social skills? (your private opinion!) yes / no  
5. If yes, where and how does our school try to overcome these deficits?

---

---

6. Which problems do we get under control properly?

---

---

7. What has to be improved?

---

---

8. Can every single teacher contribute to the development of social skills? yes / no

9. How could this happen?

---

---

10. What should headmaster or intermediate administration do to support you dealing with this problem?

---

---

## Parents

1. Do you notice in your children and/or their schoolmates that social skills aren't developed enough? yes / no

2. If yes, which ones? (Please name the three most important ones, just as you think)

---

---

---

3. What could be the reasons for the lack of these social skills?

---

---

---

4. Do you think that the school tries to overcome these deficits? yes / no

5. If yes, where and how, do you think, tries the school could overcome these deficits?

---

---

---

6. Which problems does the school mostly get under control properly?

---

---

---

7. What should be improved?

---

---

---

8. Can you (as parents) contribute to the development of social skills? yes / no

9. How could this happen?

---

---

## Students
